

4401.7002-2 Cooperative agreements.

Cooperative agreements are to be used whenever the principal purpose of the relationship is the transfer of money, property, service, or anything else of value to recipients to accomplish a public purpose. The support or stimulation to be accomplished by this transfer must be authorized by Federal statute and substantial involvement is anticipated.

4401.7002-3 Examples of unsubstantial involvement.

Involvement is not substantial and a grant is the proper instrument when the following types of involvement are planned:

- (a) Approval of recipient plans prior to award.
- (b) Normal Federal stewardship such as site visits, performance reporting, financial reporting, and audits to ensure that objectives, terms, and conditions of the grants are met.
- (c) Unanticipated involvement to correct deficiencies in project or financial performance from the terms of the grants.
- (d) General statutory requirements understood in advance of the award such as civil rights, environmental protection, and provision for the handicapped.
- (e) Review of performance after completion.
- (f) General administrative requirements, such as those included in OMB Circulars A-21, A-95, A-110, and A-102.

4401.7002-4 Examples of substantial involvement.

Involvement is substantial and a cooperative agreement is the proper instrument when the following types of involvement are planned:

- (a) Agency review and approval of one stage before work can begin on a subsequent stage during the period covered by the cooperative agreement.
- (b) Agency and recipient collaboration or joint participation in the performance of the assisted activities.
- (c) Highly prescriptive agency requirements prior to award limiting recipient discretion with respect to scope of services offered, organizational structure, staffing, mode of operation and other management processes, cou-

pled with close agency monitoring or operational involvement during performance over and above the normal exercise of Federal stewardship responsibilities to ensure compliance with these requirements.
